

Second Grade Fun!

March 11, 2010

Mrs. Bray's Room 16

Week at a glance

This week our story was the Pine Park Mystery. This is a short play about shiny items disappearing. Ask your student who took the items. High frequency and vocabulary words this week are: isn't, stay, park, near, maybe, sign, caused, clasp, confused, cornered, objects, removes, and typical. Please continue to study them.

We continue working with different forms of measurement. Study with your student by using flash cards to master the fact fluency with addition up to 18.

Language arts this week has us working with action verbs – it has been fun to put the energy into our sentences.

We have begun our forest habitats in science.

Homework Folder

Please help your student take items out of his/her daily folder. We send schoolwork home each night. Occasionally, we have a special project that needs to be completed. Normal homework is spelling, reading, and math facts each night. Don't forget to read and record your minutes on your reading calendars.
